

Brent Hilton

Controller

Brent Hilton is currently the Controller for Intermountain Electronics and has had more than 15 years of experience in accounting and finance. Earlier in his career he has worked for a CPA firm and a Fortune 500 company in the treasury/finance department. Brent has been successful with a few small start-up companies where he was able to be part of the management team that helped grow these companies from \$20M to over \$175M in less than a 3 year period. He has been successful in acquiring over \$100M in equity funding and has over 10 years in the commercial real estate industry where he has been involved with major projects close to a half a billion dollars. Brent earned his Bachelors degree in Accounting/Business Administration and received his MBA from the University of Phoenix. He speaks Japanese and plays the piano.
